MANHOOD,

How Lost, How Restored.

Just Published, in a Sealed Envelope,

A LECTURE

ON THE NATURE, TREATMENT AND RADICAL CURE OF SPERMATORRHOEA, or Seminal Weakness, Sexual Debility, Nervousness and Involuntary Emissions, inducing Impotency and Mental and Physical Debility.

By ROB. J. CULVERWELL, M. D.,

The important fact that the awful consequences of self-abuse may be effectually removed without internal medicines or the dangerous applications of caustics, instruments, medicated bougies, and other empirical devices, is here clearly demonstrated, and the entirely new and highly successful treatment, as adopted by the celebrated author fully explained, by means of which every one is enabled to cure himself perfectly, and at the least possible cost, thereby avoiding all the advertised nostrums of the day. This Lecture will prove a boon to thousands and thousands.

Sent under seal to any address, post paid, on the receipt of two postage stamps by addressing Dr. CHAS. J. C. KLINE, 480 First Avenue New York, Post Box 1586.

In Pitt County,

12 miles west of Greenville and 4 miles south of Tar River.

Said Land contains from 12 to 1400 acres—about six hundred acres now under fence and in a good state of cultivation—about 50 or 60 acres of rich Swamp land nearly in the center of the farm and there is Marl in abundance found on adjoining farms, and no doubt when properly sought for may be found on the above tract. In fact there is every facility for improvement connected with the farm. On this tract there is

A splendid two story Dwelling

House,

Well finished and entirely new, with every necessary out house, also nearly new. In addition to the above it is only necessary for me to say that the above Land lies level and has been pronounced by Judges of good Land, as being as good Cotton Land with a good clay subsoil as can be found in the county, and as for health it is not inferior to any farm in the county. It is unnecessary for me to say more as it will be expected that those who may wish to purchase will call on the Subscriber living on the premises, and examine for themselves, and learn the terms which will be made accommodating.
